Program Testimonials

I have over 10 years meeting planning experience. After attending the UGA Conference and Meeting Management Certificate program, I realized there is still lots to learn! I highly recommend this program to those involved in any form of meeting planning. The quality of the material is well worth the price.

As an event planner for the past 8 years, taking this course has completely changed how I perceive the conference and meeting planning industry. It has also empowered me to bring more value to my event management projects.

The CMMC program provide me with a great insight into all of the opportunities that are available in the industry. All of the instructors shared their information and experiences in a way that was informative and interesting. I have received such a positive response from potential employers when they see that I have taken the opportunity to receive my certificate. I highly recommend participating in the certificate program for anyone interested in this business, from entry level to industry veterans, everyone took something away that will help them in their careers.
