

64th Georgia Science and Engineering Fair

March 29 - 31, 2012

**Enter the 64th Georgia Science & Engineering Fair Design a Pin Contest
Win a \$150 Check along with your official GSEF pin!**

1. Draw your design and transfer it neatly to the space provided above. The winning design will be copied exactly. We will not "neaten up" your drawing.
2. Include "2012" and either "Georgia" or "GA".
3. Put your name, address, school, school address, and school phone number on the back of this page.
4. Send entry to Academic Special Programs, University of Georgia Center for Continuing Ed., 1197 S. Lumpkin Street, Room 181, Athens, GA 30602-3603

* Entries must be received by **JANUARY 1, 2012!**

Design suggestions:

- The pin is tiny (1 inch) and will not show small details. Use large areas and shapes in your design.
- Use no more than five colors (plus black border).
- Use strong outlines separating distinct colors and shapes.
- Use the state outline above when drawing your pin. Stay within the boundary.
- Your pin will represent our state at the International Fair Pin Exchange. Think Georgia, Science, and great design!
