Comments by teacher and/or supervising mentor on the students' individual contributions to the research investigation or engineering/computer science project:

Statement by the teacher or supervising mentor acknowledging that the student conducted the research in accordance with proper procedures and protocols for the conduct of animal research or human research. Projects which were conducted without proper supervision will be disqualified from both regional and National competition. Further guidelines may be found at <http://www.ishs.org>.

- Research activities involving non-human vertebrates or human subjects must be submitted for IRB review prior to the conduct of the research.
- Research activities involving vertebrate animals must be conducted in compliance with local, state, and federal guidelines for the humane and ethical treatment of animals in the conduct of the research.

Please have the supervising teacher and/or supervising scientist sign below. If you did the work without a teacher or supervising scientist, you will need a signature from your parent and a brief description of their role in the research.
