

All exhibitors must **BOTH** upload a virtual exhibit with registration **AND** bring a physical exhibit to the GSEF event.

For situations not addressed here, the [ISEF Rules for Pre-College Science Research](https://www.societyforscience.org/iseff/international-rules) apply. (<https://www.societyforscience.org/iseff/international-rules>)

Display Regulations

Maximum Size of Project

PHYSICAL EXHIBIT:

Max Depth	(front to back)	30 inches
Max Width	(side to side)	48 inches
Max Height	(tabletop to top)	72 inches

Projects *must* be exhibited on the tabletop. No part of a GSEF exhibit may be placed on the floor or under the table. All project materials, supports, equipment, and demonstrations must be contained on the tabletop. Exhibits do not have to be trifold boards; pull-ups and pop-ups are allowed if within allowed dimensions. **VIRTUAL EXHIBIT:** See [Virtual Exhibit Guidelines](#) for size and format requirements.

Official Abstract

PHYSICAL EXHIBIT: The complete, unaltered 8.5x11 Official GSEF Abstract Form is the only abstract that may be displayed. It must be displayed vertically at the project booth, preferably by taping it to hang from the front edge of the table. It is acceptable, but not preferred, to incorporate the form on the exhibit board or to stand it in a document frame (no glass). **You *may not* use the title "Abstract" for any section on your exhibit unless it contains only the Official Abstract Form** (not just the abstract text). **VIRTUAL EXHIBIT:** The Official Abstract Form is submitted separately from the virtual exhibit and is not required to be incorporated into the virtual exhibit. **You *may not* use the title "Abstract" for any section on your exhibit unless it contains only the Official Abstract Form** (not just the abstract text).

Required Forms in Binder and on Display

PHYSICAL EXHIBIT: Arrange photocopies (*not* originals - keep those at home in a safe place) of all other required forms in order in a **3-ring binder** placed on the table. Optional items such as research paper may also be included in the binder. Required forms include, but are not limited to:

- Form (1): Checklist for Adult Sponsor
- Form (1A): Student Checklist
- Research Plan/Project Summary
- Form (1B): Approval Form
- Forms (1C) through (7) as required for your project

If your research required the following forms, they must also be **taped to the front of your table/displayed vertically**:

- Form (1C) Regulated Research Institutional/Industrial Setting
- Form (7) Continuation Project

VIRTUAL EXHIBIT: Forms are submitted separately from the virtual exhibit and **should not** be incorporated into the virtual exhibit.

Log Book & Other Items on Tabletop

PHYSICAL EXHIBIT: Although ISEF regulations do not require a bound logbook, judges like to see this item, and it is highly recommended. Your logbook should be on the table. Other items may include a photo album of the work, previous logbooks for Continuation projects, and items necessary to demonstrate the science if the board and binder are not sufficient, provided these items do not violate any other D&S Regulations. **VIRTUAL EXHIBIT:** These items **should not** be included in the virtual exhibit.

Continuations (see [ISEF rules](#), p. 4)

PHYSICAL & VIRTUAL EXHIBIT: A project that is a continuation of a previous year's work must be about the student's new work for this year, with minimal reference to the previous research. It is preferred for the project title or subtitle to mention which year the project is; e.g., "Year 2." Longitudinal studies may present only conclusionary data from prior years.

Human Informed Consent/Assent Forms

PHYSICAL & VIRTUAL EXHIBIT: Completed informed consent/assent for a human participant study are **NOT** to be displayed and should **NOT** be present at the exhibit. A sample (incomplete) form may be included in the binder. (Note: This applies only to the forms signed by the research participants. Form 4 is required to be in the binder at the physical exhibit.)

Displayed Graphs, Images, & Photos

PHYSICAL & VIRTUAL EXHIBIT:

CREDITS: Every photograph, image, chart, table, graph, and figure must have a credit or citation, including those made by the exhibitor and those taken from the internet, journals, and books. The credit must state who created the graph/chart/table, who took the photograph, or where a photo or image came from. For example: "All photographs by Jon Kim," or "Image from www.wherever.com." Credit lines may be placed next to each item or elsewhere on the exhibit. If all graphs/images were created by the exhibitor or are from the same source, one clearly visible credit line for all items is sufficient.

PHOTOGRAPH RELEASE: Photos/videos of people other than the exhibitor are not allowed unless a signed photo release is available at the project (physical exhibit) or emailed to gsef@georgiacenter.uga.edu (virtual exhibit). If the person is under 18, parent or guardian signature is required. Sample text: "*I consent to the use of this visual image involving my participation/my child's participation in this research.*" There is no specific official form for this purpose.

CONTENT: Photos or images on exhibit must not be deemed insensitive, offensive or inappropriate (e.g., no surgery, necrosis or dissection) by any member of the SRC, the Display & Safety Committee or GSEF staff. The decision made by any one of these groups is final.

Mentor's Work / Acknowledgements

PHYSICAL & VIRTUAL EXHIBIT: The mentor's name and institution may NOT appear anywhere on the exhibit but may be mentioned in the optional research paper. Very minimal reference to work done by a mentor or others may be included *only* as background to clarify what the student's own research did and did not cover and must clearly indicate that it was not part of the student's work.

Replacement of Disqualified Items

PHYSICAL & VIRTUAL EXHIBIT: If any GSEF representative requests that an object or item be removed from a project booth and that item is returned to the booth without specific permission from the GSEF Director, the project may be disqualified.

Audio/Video or Multi-Media Displays

PHYSICAL EXHIBIT: Audio and/or video displays for non-computer science projects are discouraged unless they are *necessary* to demonstrate the science. Judges are not required to view them. Displays must be under 30 seconds, with 15 seconds preferred. GSEF is not responsible for equipment theft. **VIRTUAL EXHIBIT:** Audio and/or video displays **may not** be incorporated into the virtual exhibit.

Electricity at Project

PHYSICAL EXHIBITS: Exhibitors who wish to have electricity at their exhibits must submit the Electricity Request Form and fee with registration. Electricity will be approved only for projects that require it to demonstrate the research (e.g., computer science and engineering projects). If electricity is approved, an outlet will be provided within nine feet of the exhibit. The exhibitor must bring an approved extension cord. **VIRTUAL EXHIBIT:** n/a.

Safety Regulations

Lighting

PHYSICAL EXHIBIT: Lighting will not be approved for decorative purposes but may be approved if necessary to demonstrate the science. The electricity fee (\$100) must be submitted with registration. Bulb and fixture must not pose risk of injury if touched. Cool LED light is preferred. Incandescent, halogen and other warm light sources must be caged, encased, or otherwise protected so that 1) it is not possible to burn a person or item with any part of the apparatus, bulb, fixture, or casing, and 2) no glass can escape if the bulb is accidentally broken. *All other ISEF Rules & Guidelines regarding electricity must be followed. If you are using electricity, please be sure to read the complete rules thoroughly and follow them precisely:* <https://sspcdn.blob.core.windows.net/files/Documents/SEP/ISEF/2022/Rules/Book.pdf>.

Stability

PHYSICAL EXHIBIT: All parts of the exhibit must be stable. Particular care must be taken with tall or heavy displays to ensure that they cannot tip over onto participants, judges, or guests.

Lasers

PHYSICAL EXHIBIT: Lasers may be used only when they follow the ISEF Rules & Guidelines (<https://sspcdn.blob.core.windows.net/files/Documents/SEP/ISEF/2022/Rules/Book.pdf>). GSEF staff may revoke the privilege and require lasers to be removed if any careless or indiscriminate use is observed. Offenses may result in revoking the right to participate.

Other Safety Policies

PHYSICAL EXHIBIT: GSEF staff and/or the Display & Safety Committee reserve the right to remove any item or entire project at their discretion for safety reasons or to protect the integrity of the GSEF and its rules and regulations.

Laptops/Tablets

PHYSICAL EXHIBIT: If you are bringing a laptop or other device, consider investing in a security device such as a locking cable system to secure your item at the exhibit. GSEF will take measures to discourage theft/damage to exhibits or parts of exhibits, including electronics, but is ultimately not responsible should theft or damage occur.

The Following Items Are NOT ALLOWED at Exhibits

Not Allowed Per Safety Regulations:

PHYSICAL EXHIBIT:

- **Living or dead organisms**, including fungi, animals, plants and microorganisms
- **Taxidermy specimens, parts, pelts**
- **Preserved vertebrate or invertebrate animals** or animal parts, including cells
- Human or animal **food** of any kind
- Human or animal **parts or body fluids** (e.g., bones, urine, blood)
- **Plant materials** including potpourri, grain, birdseed, spices, leaves, flowers, logs, branches, etc. Plastic or other inorganic replicas or photographs should be used instead. (Exception: manufactured construction materials used in building the project or display)
- **Soil, sand, rock, cement, or waste** samples, even if permanently encased in acrylic
- **All chemicals**, including water.
- **All liquids, gels, powders, and creams** (e.g., shampoo, sunscreen, salt, soap, agar, etc.)
- **Dry ice** or other sublimating solids
- **Hazardous substances or devices** (e.g. poisons, drugs, firearms, weapons, ammunition, reloading devices, grease/oil and sublimating solids such as dry ice, etc.)
- **Sharp items** (e.g. syringes, needles, pipettes, knives)
- **Flames or highly flammable materials**
- **Glass** or glass objects unless deemed by the Display & Safety Committee to be an integral and necessary part of the project (e.g., glass that is an integral part of a computer screen)
- **Any apparatus with belts, pulleys, chains, or moving parts** with tension or pinch points that are not fully immobilized or shielded
- **Batteries** with open-top cells or wet cells
- **Drones or any flight-capable apparatus** unless propulsion power source is removed
- **3D printers** unless power source is removed
- Any apparatus or item deemed unsafe by any member of the SRC, the Display & Safety Committee, judges, or the GSEF staff (e.g., vacuum tubes or dangerous ray-generating devices, pressurized or empty tanks that previously contained combustibles, etc.)

Not Allowed Per Display Regulations:

PHYSICAL & VIRTUAL EXHIBIT:

- Any items that are **acknowledgments, self-promotions, or external endorsements** (Mentor or research institution may be mentioned in optional research paper but **MAY NOT** be anywhere on the virtual or physical exhibit.)
- **Awards, medals, flags, logos** (including school or university logos)
- **Give-away items or handouts** such as flyers, pens, postcards, business cards, etc.
- **Postal addresses, URLs** (other than those used solely to cite the sources of photos/figures), **email addresses, social media handles, QR codes, phone/fax numbers** of any exhibitor or their school or research institution
- **Active hyperlinks.** No live links may be included in any part of the project materials. This includes internet, file, and internal document hyperlinks. **All links must be deactivated prior to submission.**
- **Active internet/email connections.**
- Reference to past work on the exhibit must be limited to summative past conclusory data and its comparison to the current year data set. No raw data from previous years may be displayed; however, it may be included in a logbooks and/or binder if clearly labeled, e.g. "Year 1."

No changes, modifications, or additions to projects may be made after approval by the Display & Safety Committee.

Exhibitors who do not adhere to this regulation will fail to qualify for competition.
