

Electricity Request Form

If you wish to access an electrical outlet at your exhibit, this Electricity Request Form must be submitted no later than Friday, March 17, 2023.

The request must be accompanied by a payment of \$100. No refunds will be made if you later decide you do not want electricity, if you cancel, or if you fail to meet any of the requirements described in this form or the GSEF and ISEF Display & Safety Regulations.

If you request and pay for electricity, access will be provided within 9 feet of your booth. Please bring a UL-listed extension cord, which you may or may not need to use.

Please read and follow all of the rules in the official GSEF Display & Safety Regulations (page 5 of the [Exhibitor Handbook](#)) and the complete [Regeneron ISEF Rules & Guidelines](#).

Any lighting must be shielded to prevent burns and so that glass from a broken bulb cannot escape. Lighting must be turned off when you are not present.

No internet access or email connectivity is allowed at exhibits.

Attempting to plug into an electrical outlet that you have not paid for may result in disqualification.

Please note that free charging stations will be available somewhere in the Exhibit Hall. You may use these at no cost to charge a laptop or tablet occasionally during the event. No Electricity Request is required for this use.

Student Name (Individual or Team Leader): _____

Project Title: _____

Project Category: _____

Email Address (print clearly!): _____

I have read all of the above information and the relevant information in the GSEF Display & Safety Regulations and agree to abide by these rules.

Student/Team Leader Signature

Date

Make checks out to "University of Georgia" and write the name of the student/Team Leader in the memo field. Return this request and your \$100 payment **by Friday, March 17** to:

Georgia Science & Engineering Fair
1197 S. Lumpkin St., Ste 198
Athens, GA 30602
