

At the Georgia Science & Engineering Fair, Georgia's top middle and high school students are invited to showcase their original research, compete for awards, and interact with top-level professional scientists. Participation of outside organizations and businesses in the Special Awards process helps students to understand how their fits into a real-world context and is valued by actual scientists, researchers, and other professionals. The fair's success depends on award sponsors like you. Special Awards encourage research in a particular area, reward a trait you admire, or may be given for any other purpose you value. **If you are new to Special Award sponsorship and would like to discuss the process in more detail, please contact Laura Brewer at GSEF@georgiacenter.uga.edu.**

GSEF General Donation or Event Sponsorship

In addition to Special Awards, GSEF relies on donations and event sponsorships to provide the best experience possible for all of our young researchers. From support for equipment rental and venue expenses to provision for meals for hundreds of volunteers, event sponsorships and donations are essential to GSEF's continued success. **Interested in becoming a GSEF sponsor? Contact us or [click here to learn more!](#)**

If you would like to make a tax deductible donation in any amount to support GSEF operations, please enter the amount here:

TOTAL AMOUNT DUE GSEF (GSEF office will send invoice *after* the GSEF event):

Comments/Explanations:

Please send form to gsef@georgiacenter.uga.edu or the mailing address below. If you wish, please include in your email a description (100–200 words) of your organization, its mission, and its commitment to STEM education/outreach for GSEF to share.

GSEF will provide an invoice for funds due GSEF following the event. Please make checks payable to “UGA Foundation” with “GSEF 9160600” in the memo line. UGA departments may pay by UGA Foundation transfer, but we regret we cannot accommodate interdepartmental transfers. Contributions are deductible for tax purposes, with the exception of awards for which the sponsor’s representative selects the recipient.

Thank you for your support! GSEF is a program of the Office of Academic Special Programs at the University of Georgia Center for Continuing Education & Hotel, a unit of the Office of Public Service & Outreach. GSEF is an official affiliate of the Regeneron International Science & Engineering Fair.
