Discounts

A registration fee discount is available for participants who successfully complete specific modules. Please refer to the chart above for more information.

Scholarships

To make the Web Developer Coding Bootcamp more accessible and affordable to a broader sector of the population, we proudly offer the following three new awards:

- University Award:** The \$2,000 award is available to graduates of the University of Georgia and to students who have completed a University of Georgia Center for Continuing Education program. To qualify for the award, UGA alumni and previous UGA Center for Continuing Education students will need to provide documentation of their graduate or program completion status.
- Women In Tech Award:** The \$2,000 award is available to females enrollees. Female students qualify based on self-identification.
- Veterans Who Code Award:** This \$2,000 award is available to eligible military personnel in the following groups: reservists, veterans, and/or active-duty service members. To qualify for the award, students must present proof of eligibility defined as military original statement of service or certificate of release or discharge.

Program Module Refund and Cancellation Policies

The University of Georgia Center for Continuing Education will gladly issue a refund, less a \$250 processing fee, for cancellation requests received in writing at questions@georgiacenter.uga.edu by 5:00 p.m. on the fifth business day prior to the start date of the program. Business days are Monday through Friday, excluding University of Georgia holidays.

NO REFUNDS will be issued if you cancel within four business days of the course start date or any time after the class begins.

If a program is canceled for any reason, the University of Georgia Center for Continuing Education will not be responsible for any cancellation or change charges assessed in regards to travel costs.

Scholarship Terms and Conditions: Scholarship recipients must successfully complete the application process and be admitted into the Web Developer Coding Bootcamp program and begin the course prior to December 31, 2020 to be granted award funds. Student must also be in good standing, as defined by The Software Guild and the University of Georgia Center for Continuing Education.

The \$2,000 award will be noted as a reduction to the course fee for each module of the program and will be applied to the payment required to complete the course registration for each of them. Scholarships may not be combined and will not be paid directly to the student.
