NASBA Certified Course

This course has been approved for National Association of State Boards of Accountancy (NASBA) certification.

What does this mean?

The National Registry of CPE Sponsors was created to help recognize CPE program sponsors who make a commitment to meeting the highest CPE program standards. In addition, The Georgia State Board of Accountancy requires active Certified Public Accountants (CPAs) to take 80 hours of continuing professional education (CPE) every two years. As part of the elite registry, the University of Georgia's Carl Vinson Institute of Government is able to meet the continuing professional education for CPA's in Georgia.

How will this impact the course content?

The NASBA certification requires identification of learning objectives, activities to determine the student has achieved the learning objectives, development of content by subject matter experts, and evaluative feedback for activities. To earn CPE, students must successfully complete all activities, including the final exam.

University of Georgia, *Carl Vinson Institute of Government*, is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: <https://www.nasbaregistry.org>
