Live-Online Information and System Requirements

The intensive Live-Online Test Preparation class comes to you from the University of Georgia Center for Continuing Education and is delivered by our own instructors. The course provides you with all the action of our classroom experience, from the convenience of your own home, office, or barracks. You will be online at the same time as our instructor via Adobe® Connect™. Whether you are in Athens or Atlanta, across the state or across the globe, our Live-Online class will help you prepare for this important exam.

System Requirements: This Live-Online class is offered online using Adobe® Connect™. All you need is a high-speed internet connection and an Adobe® Flash® Player, which can be downloaded for free. To check your system's compatibility, look for your operating system and make sure you have one of the browsers listed below. Then, go to this website to test your system. (Note: In this class you will not utilize a web cam; please ignore that portion of the instructions.)

Operating system	Browser
Microsoft® Windows® 8 or 10	Internet Explorer 8.0 or later, latest versions of Microsoft Edge, Mozilla Firefox, Google Chrome, or Opera
Microsoft® Windows® 7, Vista, or XP	Internet Explorer 8.0 or later, latest versions of Microsoft Edge, Mozilla Firefox, Google Chrome, or Opera
Mac OS X v10.9 or later	Safari 10.0, Mozilla Firefox, Google Chrome, or Opera

Textbooks: Textbook and workbook are included and will be mailed directly to you — we recommend registering early to ensure adequate time for delivery: at least 4 business days before the first class for US students, and at least two weeks for most international locations.
